

Feature	Product Filtering on Shop Page
Bug type:	Functional
Severity (if bug is functional)	High- Filtering does not work as expected, affecting user experience
Title:	Price range slider does not update product listings or minimum/maximum values
URL	https://mercurio.netlify.app/womens_shoes/
Steps to reproduce:	<ol style="list-style-type: none">1. Open the shop page2. Locate the price range filter3. Drag the slider to a lower or narrower price range (e.g., \$59 to \$100)4. Observe the displayed products
Expected result	Only products within the selected price range should be shown, and the numeric range should update dynamically
Actual result	The product list does not change as it should, and the min/max values don't update or display any filtering feedback
Device used	Laptop PC – Windows 10
Browser	Google Chrome
